

The Elite 63 is one of Spectus' leading products. Following extensive research in technology, legislation and thermal efficiency, the Elite 63 is a complete suite of component parts, which enables the design, manufacture and installation of a full range of window door and conservatory components, all from the same system. This attention to detail provides simplicity in design and fitting for your installer and unrivalled style and choice for you. Plus results in a consistent aesthetic finish throughout your property.

**Key features**

- Choose from either Chamfered or Ovolo designed profiles to create a consistent finish across all areas of your property
- Market leading multi chambered profile provides increased thermal efficiency
- Post Co-Extrusion (PCE) Flexible gaskets are securely pre-fitted to the profile during manufacture to prevent any shrink back through ageing. This provides extended performance and keeps your windows in optimum condition for longer.
- Glazing options from 24mm - 36mm providing a choice of thermal and acoustic solutions
- Complete system with a full range of aesthetic accessories such as Georgian Bars and Decorative Horns
- The Elite 63 shares common details with Spectus' Patio doors and Reversible 70 products resulting in compatibility across all product ranges, providing you with more choice and a consistent finish
- Spectus profiles are extruded in accordance with BSEN9001:2008 and kitemarked under licence BSEN12608

**Efficiency - together, we're doing our bit**

Through continuous evaluation and improvements in design and quality testing, we have devised a suite of products that maximises the retention of solar heat gain within the property, whilst minimising any thermal and air loss. And because our systems are designed to provide high levels of energy efficiency, you'll benefit from reducing your carbon emissions and the ability to lower your heating bills.

**Spectus is good for the environment**

- Our windows and doors provide an outstanding barrier against heat and noise loss - even in the most extreme weather conditions.
- Windows and doors made from PVC negates the use of timber, protecting the planet's trees.
- We recycle our own waste and generate new products whilst still retaining the highest standards in quality of material.
- Our windows and doors do not require painting and therefore don't consume additional harmful materials or generate associated waste.
- Our entire manufacturing process - from production to installation - is confined to the UK and Ireland thereby minimising transportation and fuel consumption from wider exportation.

The difference is clear to see

# Conservatories

Whatever you need, extend your living space and bring the garden into your home.

A conservatory is a great solution to increase the footprint of your home, create extra living space and additional value to your home. It's also a great place to bring the outside in and enjoy your garden all year round, whatever the weather.

Adding a conservatory to your home is a significant investment both financially and emotionally and provides you with a blank canvas. Right from the start working closely with your installer you decide the shape, the style, the size and the finish.

With Spectus Window Systems, you can transform your vision into reality in a few simple steps.

## With you every step of the way

Our professional installation partners will guide you through the process every step of the way. From the initial understanding of your requirements through the detailed process of planning and design considering areas such as position, size, function, design, heating, ventilation and finish. Your installer will be right by your side until your conservatory is fully installed and you are 100% delighted with the results.

## 10 YEAR GUARANTEE

All Spectus systems come with a 10-year guarantee irrespective of configuration, colour, style or finish.

### Conservatory features at a glance

- Conservatories are available as part of the Elite 63 product range
- A choice of either Chamfered or Ovolo frames
- Concealed gaskets provide a superior seal for the thermal efficient glass and provide increased protection against thermal and sound loss
- Conservatory styles to suit any period of property
- Bespoke design and planning service to cater for your individual needs

## Practicality & style

Spectus Conservatories are available in a number of styles to ensure they are a stylish and seamless addition to your property. Whatever the age and style of your home, speak to your installer to discuss which solution is best for your property.

All Spectus conservatory profiles are available in a range of colours so you can tailor the finish according to the individual style of your property.

#### FINISHES AVAILABLE

Other colours and woodgrain foil finishes available. Speak to your installer for more information.
